The regulations at 34 CFR 300.530(h) provide parents of students with disabilities with certain rights. Parents must be notified of these rights when school personnel remove a student with disabilities who violates the Code of Student Conduct from his or her current educational setting for more than 10 school days. More than 10 school days means 10 school days in a row or a series of removals of more than 10 school days. Parents must be notified of the removal decision and be provided with a copy of their procedural safeguards on the same day of the removal decision.

This is to advise you that in accordance with Section 1006.09 (2), F.S. which states:

"Suspension proceedings, pursuant to rules of the State Board of Education, may be initiated against any enrolled student who is formally charged with a felony, or with a delinquent act which would be a felony if committed by an adult, by a proper prosecuting attorney for an incident which allegedly occurred on property other than public school property, if that incident is shown, in an administrative hearing with notice provided to the parents by the principal of the school pursuant to rules adopted by the State Board of Education and to rules developed pursuant to s.1001.54, to have an adverse impact on the educational program, discipline, or welfare in the school in which the student is enrolled. Any student who is suspended as the result of such proceedings may be suspended from all classes of instruction on public school grounds during regular classroom hours for a period of time, which may exceed 10 days, as determined by the district school superintendent . The suspension shall not affect the delivery of educational services to the student, and the student shall be immediately enrolled in a daytime alternative education program, or an evening alternative education program, where appropriate. If the court determines that the student did commit the felony or delinquent act which would have been a felony if committed by an adult, the district school board may expel the student , provided that the expulsion under this subsection shall not affect the delivery of educational services to the student in any residential, nonresidential, alternative, daytime, or evening program outside of the regular school setting. Any student who is subject to discipline or expulsion for unlawful possession or use of any substance controlled under chapter 893 may be entitled to a waiver of the discipline or expulsion."
